

The Smartest Way to Hire in **TECHNOLOGY**

Receiving over 40M engagements¹ with U.S. technology jobs in 2018—a 14% increase from 2017—ZipRecruiter helps you target qualified candidates faster and easier than ever before. ZipRecruiter doesn't rely on candidates searching for you. Instead, industry-leading AI matching technology finds the best matches for your job and invites them to apply. The benefits? More quality candidates, increased recruitment ROI, and reduced time to hire.

Reach 30M Candidates

Leverage ZipRecruiter's online employment marketplace, #1 rated job search app,² and network of hundreds of partner sites³ to reach 30M candidates a month.⁴

AI-Based Candidate Targeting

ZipRecruiter's industry-leading AI finds the best matches for your job and invites them to apply. Those candidates are invited to apply within minutes via email, SMS, and push notifications.

We're Dedicated to Your Success

We tailor solutions to how you recruit, whether it's CPC or CPA, and use data to optimize your campaigns. We also integrate with your ATS for a seamless hiring experience.

¹Engagement is defined as genuine clicks. ZipRecruiter Internal Data, 2018. Past performance is not a guarantee of future results.
